

SAVE 10% ON ULTRASONIC BATHS

The Ultrawave **Q-Series** benchtop ultrasonic baths can be used in many different applications. With sizes ranging from 2.5 to 25 litres in capacity, these ultrasonic baths are used in a diverse range of environments.

Incorporating *Frequency LEAP* ultrasonic technology and digital cycle traceability, the **Q-Series** is ideal for use in scientific and laboratory applications.

QS3 (UL325-15) £557.00

- 2.5 litre working capacity
- 99 minute timer
- Heated
- Internal tank dimensions: 240x140x100mm
- SD port for digital validation

QS12 (UL325-35) £1,226.00

- 12.5 litre working capacity
- 99 minute timer
- Heated
- Internal tank dimensions: 295x245x200mm
- SD port for digital validation

QS4 (UL325-20) £686.00

- 3.75 litre working capacity
- 99 minute timer
- Heated
- Internal tank dimensions: 240x140x150mm
- SD port for digital validation

QS18 (UL325-40) £1,367.00

- 17.5 litre working capacity
- 99 minute timer
- Heated
- Internal tank dimensions: 330x300x200mm
- SD port for digital validation

QS5 (UL325-25) £815.00

- 4.5 litre working capacity
- 99 minute timer
- Heated
- Internal tank dimensions: 300x150x150mm
- SD port for digital validation

QS25 (UL325-45) £1,655.00

- 25 litre working capacity
- 99 minute timer
- Heated
- Internal tank dimensions: 500x300x200mm
- SD port for digital validation

QS10 (UL325-30) £1,045.00

- 9.5 litre working capacity
- 99 minute timer
- Heated
- Internal tank dimensions: 500x140x150mm
- SD port for digital validation
