

# Labelling and Documentation

## Close-it®, Seal-it

### Control Seal Labels, Close-it®, Bürkle

Quality control seal labels with aluminium backing allowing hermetic sealing of sacks pierced for sampling. Strong adhesive will adhere even to surfaces coated with powder (plaster, flour etc.). Supplied in colours, sizes and packs as indicated. Printed with ruled writing area for labelling by pen.

LA290-62	Blue
LA290-66	Black

### Security Seals, Seal-it, Bürkle

Sealing labels for tamper-evident closure of conventional containers. Highly visible, red background with large white marking area and sequential, 7-digit, numerical identification. A secondary, identically numbered, label strip can be used for archive documentation of the sample. Labels are aluminium foil-backed for enhanced conformity to most container/sack profiles and a very strong adhesive surface ensures that once applied, the label is permanently affixed. Cross-perforations through the label immediately tear should an attempt be made to remove the cap or seal. Overall label size 178 x 30mm L x W. Supplied in a roll of 500.

LA295-10 Seal-it labels

### Safety Tapes

Manufactured in hard wearing, self-adhesive vinyl. Most common titles are available, including OXIDISING AGENT, CORROSIVE, IRRITANT, TOXIC, HARMFUL, HIGHLY FLAMMABLE and POISON. Supplied in a continuous roll, 66 metres long. For full details – see SC250 series in the Safety section.
